

Uniform Order Form 2010 Season

All players are expected to order a full basic set of sleeveless jerseys, warm-ups, and spandex. For the 2010 season each team will select and purchase their own socks from local retailers. The cost of the uniforms is in addition to the Club fees. The cost of the basic set including shipping and handling is \$213. Extra long pants and jackets are available at a small additional charge. A third - long-sleeve jersey may also be required for some teams – you will be notified at the time of sizing whether your coach is requiring this third jersey. There will be an additional \$44.00 cost for the long-sleeve jersey. The U17 team will utilize the long sleeve jersey.

All athletes are urged to order extra spandex at this time, as special orders later in the season will be more expensive. These items may only be purchased through the Club. Direct orders from RoShamBo are not available.

All players must try-on the sample uniforms for sizing purposes at the try-outs. Because these are custom made uniforms – it is important that they be tried on for proper sizing. **Unless there is a mistake with the order there will be no “returns” for a refund if the size is not correct – and an additional order must be placed at the player’s expense for a proper fitting uniform.**

In the event that uniforms including warm-ups are lost or damaged during the season, they must be replaced. Please contact the OVC Business Manager as soon as possible to order replacements. In addition to the cost of the new uniforms, shipping and handling, there will be a \$25.00 processing fee for replacement orders. **PLEASE impress upon your daughters the importance keeping track of their uniforms!**
